

Housing Work Group report April

1. 23/02166/PIP Land at Reedy Hill:

This has still not been determined. We were advised last week that the application has been passed to a case officer brought in to bring additional capacity to the TDC planning team.

2. DNPA representation on the Housing Working Group

To date DNPA have been able to provide a rep on the working group. Since Alex Gandy left DNPA the HWG has not had a named rep on the team. The new Head of Planning at DNPA (Dean Kinsella) has been contacted requesting a new delegate to our team, as our preferred AH Development site sits within DNP and has agreed to be directly involved himself.
