### WE NEED YOUR HELP!

A new group is being launched for the communities of the Teign Valley called 'Teign Valley Men's Shed'.

The group is for all members of the Teign Valley community to come along and join in with woodwork, metalwork, refurbishments and repairs or traditional crafts and heritage skills, in a purpose built workshop, in the heart of the Teign Valley.

We are hosting our first 'pub' meeting on Thursday 14th October at 19:30-21:00 at the Artichoke Inn, Christow.

Please come along to learn more about the group, what it aims to work towards and how we can help you get to and from the workshop so you can help us achieve our goals.
